Lance:

Ok---that sounds good to me. I anticipate being out of the office the week of June 10th but I should be around most of June.

Thanks,

Marvin

I don't see this as a problem. I should be ready by then.

Subject: Cedar Chemical Special Notice Letter

Lance:

Lydia last week sent an email to Mark Peycke wanting to know if there would be a problem in getting out a SNL three weeks after the draft waste analysis comes in on or about May 23rd.

As of right now I do not see this as a problem. What are your thoughts ?

I am working from home today and will probably be working from home tomorrow as well. Please feel free to call me at home at (b) (6) if you want to discuss this matter.

I should be in the office on Wednesday May 22nd and Thursday May 23rd.

Thanks,

Marvin
